

Joe Hisaishi - Ultimate collection [Mp3]

Ну что же, я обещался сделать новость об очень хорошем человеке - об авторе очень многих звуковых дорожек к мультам студии Ghibli и к фильмам Такеши Китано. В свое время я искал [одну](#) композицию - ее нигде не было в беспл доступе. С нее все и началось. Теперь я Вам представляю расширенную коллекцию данного замечательного композитора из почти 40 альбомов - я назвал ее Ultimate collection, ибо не думаю, что есть в Сети нечто подобное =) Почти во всех альбомах внутри находятся *сканы оригинальных дисков-оберток* (для ценителей).

Итак, наслаждаемся качественной музыкой...

Всемя звучания - 44 часа, битрейт от 128 до 320 кбит

LINE HERE }-----< LINE HERE }-----< LINE HERE

Справка

Дзё Хисаиси (яп. Хисаиси Дзё) — родился 6 декабря 1950, Нагано, один из самых известных японских композиторов. Настоящее имя Мамору Фудзисава. «Хисаиси Дзё» (Hisaishi Joe) — псевдоним, фонетически имитирующий имя американского композитора Куинси Джонса (кандзи фамилии «Хисаиси» могут читаться как «Куиси»).

Хисаиси начал заниматься музыкой с пяти лет, беря уроки игры на скрипке. Музыкальным минимализмом, определившим характерное звучание его музыки, Хисаиси заинтересовался во время учёбы в музыкальном колледже, куда он поступил в 1969 году для прохождения обучения по специальности композитор. Свой первый альбом, «Information», он выпустил в 1982 году. В 1983 году Хисаиси порекомендовали Хаяо Миядзаки для написания сопровождающего альбома к манге «Навсикая из Долины Ветров». Миядзаки так понравилась работа молодого музыканта, что он предложил ему написать музыку к фильму «Навсикая из Долины Ветров». Работа над «Навсикаей» прославила Хисаиси. В благодарность он работал над всеми последующими фильмами Миядзаки.

Хисаиси рекордное количество раз (четыре) получал награду японской киноакадемии в номинации «Лучшая музыка к фильму». Три из них — награды за музыку к фильмам

Такэси Китано («Сонатина» (1993), «Ребята возвращаются» (1996), «Фейерверк» (1997)). Также он написал для Китано саундтреки фильмов «Сцены у моря» (1992), «Кикудзиро» (1999), «Брат якудзы» (2001) и «Куклы» (2002).

Помимо создания музыки для полнометражных художественных и анимационных фильмов, Хисаиси много работает для телевидения и участвует в создании рекламы. Он также создал музыкальное оформление Параолимпийских игр 1998 года в Нагано.

Блестящий пианист и клавишник, Хисаиси выпустил более 15 сольных альбомов, совершил бесчисленное множество турне с Новым японским симфоническим оркестром, а также неоднократно выступал и записывался вместе с оркестрами лондонской, чешской и феррарской филармоний.
