

◆ Headset Operations:

- (1) Microphone
- (2) Microphone Switch
- (3) Volume Up
- (4) Music Mute
- (5) Volume Down
- (6) USB Plug

◆ Head Adjustable:

◆ Specifications:

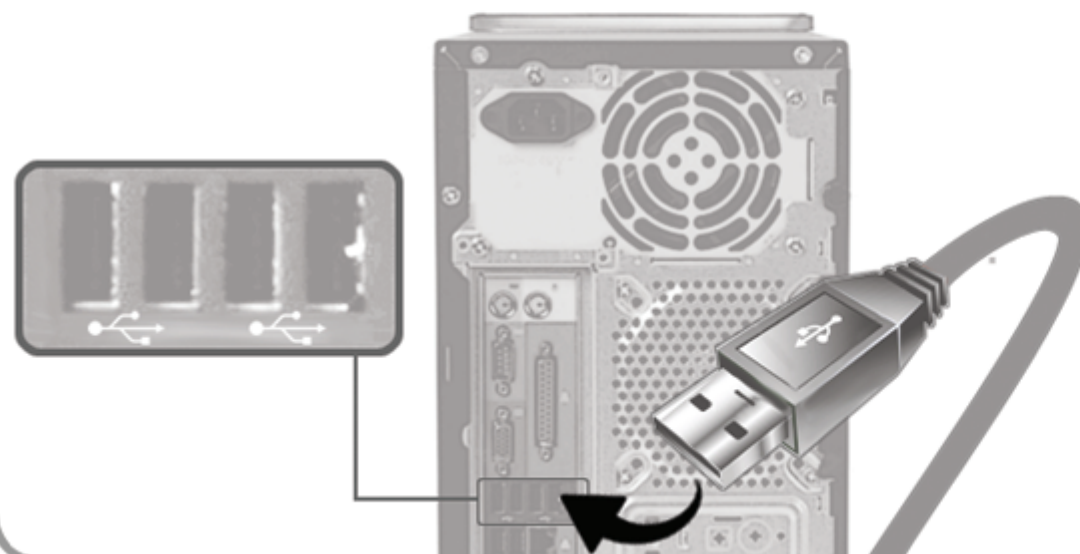

Frequency Response: 10HZ~25,000HZ
 Input impedance: 50Ω
 Max. Power output: 200mW
 Sensitivity: 97dB±3dB
 Ear Coupling: Circumaural
 Cord length: 6.6ft

◆ Microphone Specs:

Polar pattern: Unidirectional
 Microphone Impedance: 680 ohms ±30% (at 1KHz)
 Microphone Frequency Response: 70HZ~20KHZ
 Microphone Sensitivity: -47±3dB(0dB=1v/par at 1Khz)
 Operating voltage: 5 V

1

Plug the headset into a USB port on your computer.

2

Install the software. The software is required for the advanced sound features.

*This CD contains two software models, AZ-1 and AZ-7.
 Please be sure the right model's software is installed in your computer
