CD and DVD Players

Molykote® brand lubricants from Dow Corning are ideal for CD and DVD players because they:

- are plastic compatible
- reduce noise
- prevent oil spreading.

Place cursor over numbers to view product recommendations - or review table below

	Part	Molykote Recommendation	Typical Performance Needs
1	Guide Bar	E Paste, PG series, PD-910	Plastic compatibility, noise reduction, no oil spreading
2	Screw Gear	EM-30L, EM-50L, E Paste, PG-641, PD-910	Plastic compatibility, noise reduction, no oil spreading
