WELCOME TO THE 2017 NAC CATALOG

*Devoted to True Sound
Reproduction Since 1969.*

At National Audio Company we strive to provide for all your audio media needs both analog and digital. We are your professional source for cassette tapes and a variety of digital media and packaging.

This catalog supersedes all previous prices, fliers, and brochures. Prices in this catalog are correct at the time of printing. We reserve the right to raise prices if cost of oil causes significant plastic increases.

PROFESSIONAL AUDIO CASSETTES

COURT RECORDING CASSETTES

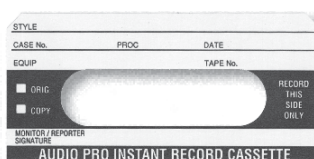

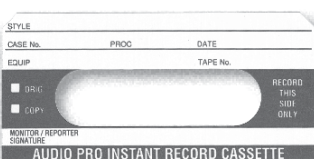

Tested, trusted and used by federal, state, and local court reporters and court systems across the USA. Millions of Audio Pro instant record cassettes provide guaranteed, reliable performance each year.

- The Audio Pro is designed for critical professional recording applications and will deliver excellence every time - the same standard you demand of yourself!
- Audio Pro cassettes feature studio quality tape loaded in smooth-running shells. Each cassette comes packaged in an individual Norelco style plastic storage box.
- Two custom label systems to meet the specific needs of each court application.

Use A-A labels when both sides of cassette are recorded.

Use A-B labels when one side of cassette is recorded.

Choose black, white or clear cassettes.

Minimum order - 100 cassettes

Master carton - 250 cassettes

PROFESSIONAL

Dual Cassette Recorder/Player with USB PMD-300CP

PMD-300CP OVERVIEW

The PMD-300CP is a dual-well cassette recorder/player that features two speeds of dubbing and a USB output to digitize tape contents to computer for archiving. Two DC servo motors ensure stable, consistent speed for accurate recording and playback. This is the ideal unit to convert a valuable cassette tape collection into digital files.

Main features

- Dual-well recorder/player, supports normal and CrO2 tape, and features a Dynamic Noise Reduction option
- Cassette dubbing from A to B, with real-time or high-speed dubbing options
- Digitally backup tapes to your computer via USB using tape converter software

Specifications

Track System

4-track, 2-channel, stereo dual cassette deck

Audio Specification

Signal-to-Noise Ratio: 58 dB

Wow and Flutter: <0.2% (DIN45500)

Crosstalk: 40 dB (1 kHz)

Total Harmonic Distortion (THD): <1.0%

(1 kHz, 0VU 3rd H.D. normal tape)

Channel Separation: 40 dB (1 kHz)

Frequency Response

Chrome tape: 40 - 15,000Hz (± 3 dB) (-20dB recording level)

Normal tape: 40 - 14,000Hz (± 3 dB) (-20dB recording level)

Mechanical

Deck A: Playback head

Deck B: Recording / playback heads, 2-gap ferrite head for erasure

Motor: 2 DC servo motors

Fast Forward / Rewind Time: ~100 seconds with C-60 cassette

Inputs: 2 RCA line inputs

Min. input level: 600mV (0dB)

Input impedance: 50k Ω

Outputs: 2 RCA line outputs

Output level: 600 mV (0dB)

Output impedance: 5k Ω

USB Audio Interface

USB 1.1 compatible; 16-bit, 44.1 or 48 kHz

General

Power: 110-120 VAC, ~50/60 Hz

Consumption: 11W

Dimensions: 16.5" x 8.5" x 5.3" (420 x 215 x 135mm)

Weight: 8.5 lbs (4.0 kg)

CASSETTE RECORDING/PLAYING EQUIPMENT

TEAC Turntable with Cassette and CD Recorders, LP-R550USB PLUS USB connection

COMPACT
disc
DIGITAL AUDIO

\$349.99

For recording to CD, the LP-R550USB requires Digital Audio Discs. See below for high quality MAM-A discs.

LP-R550USB OVERVIEW

TEAC LP-R550USB is a full audio and dubbing system with turntable, CD recorder, cassette player, computer interface, and AM/FM tuner. Transferring your music collection into a digital, portable format couldn't be simpler. In addition to CD recording, the LP-R550USB has a cassette player/recorder and an AM/FM tuner. A pair of built-in speakers makes it the perfect desktop music system for home or office.

The LP-R550USB includes a USB output to connect to a computer. Record albums, CDs radio or cassette to your Mac or Windows software, and add the files to your music library to bring along anywhere. Also included are a wireless remote control and a headphone output for private listening. There's no simpler choice for recording or just listening to your vinyl collection.

Main features

- Allows easy recording of records, cassettes, radio, and auxiliary audio input to audio CD-R/RW.
- Record LPs, CDs, radio, and cassettes to PC via the USB connection provided. (Digital audio discs required.)
- The LP-R550USB is ideal for both recording and listening to music, featuring 3.5 W + 3.5 W amplifier and bass-reflex type stereo speakers to boost low frequencies.
- RCA pin jack auxiliary input/output terminals let you easily connect other existing audio devices.
- 3-speed analog turntable with auto-return feature can play LP and EP records—even 78 rpm SP records. The auto-return feature automatically returns the tone arm when the record has finished playing.

The letters DVD stand for Digital Versatile Disc (Formerly Digital Video Disc). DVD was originally used as an initialism for the unofficial term digital videodisk. DVDs provide video, audio and data storage and access, all on one disc. A DVD is the same physical dimensions as a CD but with seven times the capacity on a single side most commonly used to store and display full-length movies. The DVD-Video format was first introduced in Japan in 1996.

TERMS OF SALE — Due to our low prices, it is our policy to require the following terms of sale and payment:

- Payment must be received before an order will be shipped. If not paying by electronic invoice, business check or money order must accompany order. NO PERSONAL CHECKS ACCEPTED.
- Businesses may apply for an open account by supplying names and addresses of three credit references and bank address. Allow 30 days to establish account. NO INDIVIDUAL OPEN ACCOUNTS.
- Terms for open accounts are Net 30 day. Established open accounts may deduct 1% from merchandise total if paying within 10 days.
- Special orders – Merchandise custom manufactured to order is NOT RETURNABLE.
- All NAC products are guaranteed for quality. Any defective merchandise must be reported within 10 days of receipt. MRA required. No collect shipments are accepted.
- Any shipping damage must be reported to carrier (UPS, FedEx, trucking company, etc.) within 10 days of delivery.
- A 15% restocking fee will be charged for any merchandise returned for reasons other than defects. Call for a MRA within 90 days. All merchandise must be shipped back in original packaging to receive credit.
- All prices in this catalog may be subject to change without notice, and products may become unavailable when stock is depleted. The customer will be notified if an order cannot be fulfilled as written.
