

An Exciting New Kit Speaker from PBN Audio

The extraordinary lineup of build-it-yourself speaker kits from PBN Audio is now enhanced by the addition of this five-driver wonder. Conceived out of the special partnership with renowned manufacturer SB Acoustics, the **SBA 951** features top-line Satori drivers and matching electronics. The acoustic balance is stunning; the electronics, state of the art. If you prefer, PBN will build it for you, with master craftsmanship found in every detail.

Optional zebra wood veneer finish.

SBA Satori Drivers:
(2) 9½" WO24P-8 Woofers
(2) 5" MR 13P-8 Mid Range
(1) TW29B-B Tweeter

For those wishing to build their own cabinets, these drivers and crossovers can be purchased through www.madisound.com.

If you prefer, a completed pair of assembled and tested speakers is available through PBN Audio for only **\$9,950**.

Price does not include shipping costs, which will vary.
